Sai Ganesh S

Data Scientist

Dynamic and motivated Data Science student with a strong foundation in computing and data science. Completed Harvard CS50 and aspiring towards a career in Computing, Data Science, Artificial Intelligence, Machine Learning, and Full Stack Development. Proficient in SQL, Python, and possess excellent communication and leadership skills. Excited about contributing to innovative projects in a collaborative team environment.

Student at SSSIHL

JULY 2024 - JULY 2027

During my time as a student at SSSIHL, I actively engaged in academic pursuits and extracurricular activities, honing my skills and broadening my knowledge base. This experience provided me with a platform to develop critical thinking, problem-solving, and time management skills, preparing me for future endeavors.

- · Actively engaging in academic pursuits and extracurricular activities
- · Honing critical thinking and problem-solving skills
- Developing time management skills

Data analyst intern at IBM

JUNE 2024 - PRESENT

As a Data analyst intern at IBM, I have been gaining practical experience in data analysis and interpretation. My responsibilities include utilizing SQL and Python to extract insights from data. I am continuously enhancing my skills in machine learning and data visualization, contributing to the team's projects and learning about real-world applications of data analysis.

- · Utilized SQL and Python to extract insights from data
- · Enhanced skills in machine learning and data visualization
- · Contributed to the team's projects

Computing and Data Science Student at Sai University

JULY 2025 - MAY 2027

As a Computing and Data Science Student at Sai University, I am acquiring a strong foundation in computing and data science principles. My coursework includes programming and data structures, database management, machine learning, artificial intelligence, full stack development, and data analysis and visualization. I completed the Harvard CS50 course in December 2023, further expanding my knowledge and skills in computer science.

My future goals include building a career in the field of computing and data science, with a focus on artificial intelligence, machine learning, and becoming

Skills

Data Analysis

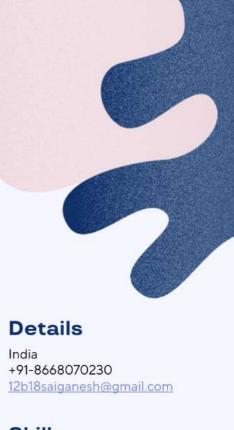

Machine Learning

Data Visualization

SQL Proficiency

Python Programming

Leadership Skills

a full-stack developer. I am excited to apply my skills and knowledge to solve complex problems and contribute to the advancement of technology.

Student Head at Sri Sathya Sai Sound Recording Studio

MARCH 2022 - PRESENT

During my time as Student Head at Sri Sathya Sai Sound Recording Studio I was responsible for overseeing and coordinating various activities within the student community. This role enhanced my leadership and organizational skills, as I successfully managed and executed projects, contributing to the overall growth and development of the student body.

- · Overseeing and coordinating various activities within the student community
- · Enhancing leadership and organizational skills
- Managing and executing projects for the overall growth and development of the student body
- · Designed and implemented a sound system

Education

B.Sc (hons.) in Computer Science at Sri Sathya Sai Institute of Higher Learning

JULY 2022 - PRESENT

Intermediate at Kendriya Vidyalaya NLC Neyveli

JANUARY 2020
